

ESD synthetic bottles

made of dissipative light blue Polyethylene, also suitable for solvents. Typical resistance to ground: $10^9 - 10^{10}$ Ohm

ESD dispenser suitable for solvents

180 ml dispenser with pump
Order No: 72.180.10

180 ml dispenser with filter pump
Order No: 72.180.11

ESD dispenser bottles

60 ml bottle/big hole
Order No: 72.190.10

60 ml bottle/medium hole
Order No: 72.190.11

60 ml bottle/small hole
Order No: 72.190.12

ESD bottle with pump spray

450 ml bottle with pump spray
Order No: 72.195.10

ESD table box suitable for implements

450 ml bottle table box
Order No: 72.198.10

ESD wipe

Made of conductive polyester. For use with normal cleaning fluids. Typical resistance to ground $10^8 - 10^9$ Ohm

Size: 230 x 230 mm

Order No: 72.199.70

ESD universal bottle

230 ml bottle
Order No: 72.193.10

ESD water bottle

900 ml water bottle
Order No: 72.197.10

ESD lotion, dissipative

enriched with aloe vera. Supports a better skin moisture to improve the contact between wrist and skin

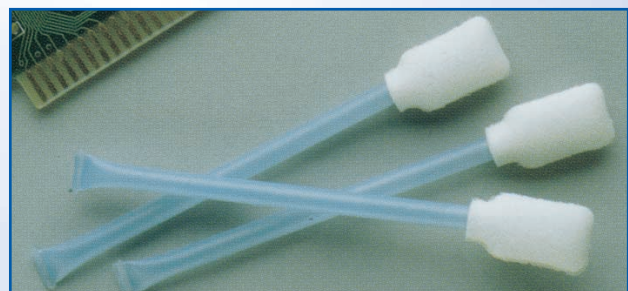

237 ml dispenser
Order No: 72.199.10

3.8 liter refilling package
Order No: 72.199.11

ESD cleaning sticks, dissipative

tintured with 91% isopropyl alcohol and 9% deionised water, suitable for clean room areas.

1000 pieces per package

Order No: 72.199.50
